Re: Early Release of Vacation Funds

As the coronavirus, aka COVID-19 continues to spread, we are concerned about the livelihoods of our members. We know that many jobsites are closing down or have already closed down. With the anticipation of these closures and our members being out of work, I have authorized the early release of your vacation account funds.

You will be able to withdraw your vacation money beginning Wednesday March 18, 2020. Withdrawals must be done in person.
