Dear Industry Partners:

The Southwest Regional Council of Carpenters recently completed an important restructuring, and we wanted to let you know about those changes.

Restructuring of Local Unions

We've realigned our Locals to better connect our members with each other and their communities. Locals closer to home enable our members to be engaged and participate in more neighborhood improvement activities. Southwest Carpenters are from the community and for the community—that's the Union Difference! For more information, please visit our website: swcarpenters.org

Streamlining Dispatch Procedures Across the Council

Moving forward, the Locals will be arranged geographically, not by craft. Because our new Locals will represent all crafts, we developed a streamlined process for our contractors.

909

We created a central number for dispatching our craftsmen and women. Starting on Monday, September 10, 2018, you will be able to use one number to connect with the best carpenters in the business. Please retain these numbers for your records.
